

PROGRAMS

As a member, families will be able to enjoy the many benefits ELN provides plus the ability to build your membership with programs specific to the individual needs and interests of your young people. This also means that many of the out-of-pocket costs incurred throughout the year will be covered under your membership. Additionally, members can now make secure monthly payments in support of families that may be challenged with one-time payments.

Families who are interested in programs, but scheduling and needs do not permit for membership to ELN are welcome to participate.

Note: Monthly payment plans available to members ONLY.

Exploration Tuesdays @ The Tree House *300 W Northwestern Avenue, Philadelphia PA 19118*

An 8-part workshop series, meeting monthly on Tuesday's at The Tree House offering curious nature lovers of all ages and awareness levels the opportunity to engage their interests through hands-on learning and exploration.

This program is suited to all curious young people who enjoy the outdoors and prefer to connect through experiential learning methods. These workshops have the capability to be explored as a primary introduction/review to natural sciences or compliment an existing curriculum.

All workshops meet one Tuesday per month [March – June & August – November] from 1 pm – 3 pm.

Workshops are outdoors with extended periods of walking on uneven terrain. Attire should be suited to weather conditions, rain or shine.

The ELN/WEC partnership program offers families the ability to enjoy these exclusive home education workshops at cost per young person.
